31	In general, the work consists of the addition of new accessible basement entrances and
32	exterior accessible concrete ramps from grade to the basement level of both Humphrey
33 34	and Jorns Halls on the University of Wisconsin – Madison campus. The work includes a concrete ramp with retaining walls, exterior door, power door operator and site drain at
35	the exterior door. Interior steam piping will be rerouted around the new exterior doors by
36	the owners. Installation of plumbing work and all work shown on the architectural
37	drawings is included in the project. All Mechanical and Electrical work will be performed
38	by the owner and timing of this work will need to be coordinated with work being performed
39 40	as part of the project scope.
40	Construction bidding documents (drawings, specifications and addenda) may be obtained only
41 42	as downloadable electronic files (in PDF format) from the Division of Facilities Development
43	website. Construction bidding documents may also be available at various Builders' Exchanges.
44	Additional project construction bidding information, including plan holders list, is available on the
45	DFD website. Please note that a <u>WisBuild login and password are required to download bidding</u>
46	documents. Interested parties may request a WisBuild login and password at the DFD website -
47	allow 2 days to process login and password requests.
