All bids received from contractors who are not certified will be rejected. Contractor certification applications and instructions for completing the form may be 20 Certification 21 obtained from the DOA Website DFD Contractor 22 https://doa.wi.gov/Pages/DoingBusiness/ContractorCertification.aspx or upon request from DFD--email dfdcertification@wisconsin.gov. 23 24 25 This project is being let using a new single prime bidding and contracting process. DFD will publicly 26 bid the applicable mechanical, electrical, plumbing, and fire protection (MEP) divisions of work first. Within 27 5 days of the MEP bid opening, DFD will identify a lowest, qualified, responsible, certified bidder in each 28 applicable MEP division of work. These successful MEP bids must be included in all general prime contractor 29 bids received. No later than 5 days after DFD identifies the successful MEP bids, DFD will publicly open 30 general prime contractor bids. General prime contractor bids that do not include the successful MEP 31 bids will be rejected. The state will enter into a single contract with the lowest, qualified, responsible, 32 certified general prime contractor and this general prime contractor will enter into subcontracts with the 33 successful MEP bidders. 34 35 Sealed bids will be received at the State of Wisconsin Administration Building, 7th Floor, 101 East Wilson Street, Madison, Wisconsin 53703, before the time indicated above. The bidder is responsible for the sealed 36 37 bid being delivered to the indicated location for receipt stamping before the time specified for the bid opening. Third party delivery is entirely at the bidder's risk. 38 39 40 In general the work consists of providing improvements to select portions of the steam, chilled water, and 41 water distribution systems. For the steam system, new steam distribution system piping will be added 42 between existing pits and to an existing building. One new steam pit will be added, and two existing steam 43 pits will be temporarily rehabilitated. For the chilled water system, new distribution system piping will be 44 added between buildings. For the water system, select portions of the existing distribution system will be replaced at three distinct locations at the campus. The scope of work includes restoration of all disturbed 45 46 surfaces. 47 48 Bidding documents (drawings, specifications, and addenda) may be obtained only as electronic files (in PDF 49 format): as a downloadable file from the Division's Projects Bidding website (see website address below) 50 and/or on compact discs or DVD by ordering from the Construction Project Bidding Opportunities webpage. 51 Bidding documents may also be seen at various Builders' Exchanges.
