13
14 OWNER: State of Wisconsin, Department of Administration, Division of Facilities Development,
15 hereinafter termed DFD.

16
17 **All potential bidders must be certified by DOA prior to submitting bids on state construction**
18 **projects over \$50,000.** All bids received from contractors who are not certified will be rejected. Contractor
19 certification applications and instructions for completing the form may be obtained from the DOA Website
20 DFD Contractor Certification page: <https://doa.wi.gov/Pages/DoingBusiness/ContractorCertification.aspx>
21 or upon request from DFD--email dfdcertification@wisconsin.gov.

22
23 This project is being let using the single prime bidding and contracting process. DFD will publicly bid the
24 applicable mechanical, electrical, plumbing, and fire protection (MEP) divisions of work **first**. Within 5
25 days of the MEP bid opening, DFD will identify a lowest, qualified, responsible, certified bidder in each
26 applicable MEP division of work. These successful MEP bids must be included in all general prime
27 contractor bids received. No later than 5 days after DFD identifies the successful MEP bids, DFD will
28 publicly open general prime contractor bids. **General prime contractor bids that do not include the**
29 **successful MEP bids will be rejected.** The state will enter into a single contract with the lowest, qualified,
30 responsible, certified general prime contractor and this general prime contractor will enter into subcontracts
31 with the successful MEP bidders. If a project does not include any mechanical, electrical, plumbing, or fire
32 protection divisions of work, DFD will bid one bid package for all work to general prime contractors.

33
34 Sealed bids will be received as follows, before the time indicated above:

51 In general, the work consists of:

52 Contractor to remove the existing walk-in cooler/freezer units and install new walk-in cooler/freezer units
53 of the same overall size (approximately one thousand, four hundred square feet), and location (First Floor
54 which is up one level from grade via stairs or elevator), but with an altered interior configuration. The
55 existing units involve two freezer sections and five cooler sections. The new configuration will consist of

1 two freezer sections and three cooler sections. Existing condensing units in an adjacent room will be
2 removed and replaced. Disconnect the existing electrical connections and reconnect new system. Patch
3 adjacent walls and repaint. Rework ceiling/soffit and grid system around new units. This project will
4 repair/replace floor surfaces and fillers adjacent to the coolers and freezers, and apply a new coat of epoxy
5 floor finish adjacent to the new units as well as surrounding kitchen areas.

6
7 Bidding documents (drawings, specifications, and addenda) may be obtained only as electronic files (in
8 PDF format): as a downloadable file from the Division's Projects Bidding website (see website address
9 below) and/or on compact discs or DVD by ordering from the Construction Project Bidding Opportunities
10 webpage. Bidding documents may also be seen at various Builders' Exchanges. Additional project bidding
11 information, including plan holders lists are available on the Division of Facilities Development public
